

# Partner with AAPT for Physics Education

The American Association of Physics Teachers (AAPT) is the world's leading organization for physics educators with more than 10,000 members worldwide. AAPT provides extensive opportunities for professional development, networking, and student enrichment.

AAPT offers many programs, benefits, and services. By joining AAPT, you are also supporting the advancement of physics education. AAPT is as much a membership organization as it is an advocacy movement in physics education.

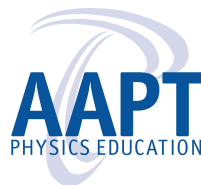

You have the opportunity to join with many other physics educators who are passionate about teaching physics teaching. AAPT programs, publications, and resources are designed for you to explore and communicate the latest trends in physics education and help shape policies both locally and globally.

## Membership includes a wide range of benefits:

- Excellent educational resources and programs
- Informative peer-reviewed journals
- Hands-on workshops and sessions at two annual conferences
- Committee participation
- Professional development, networking, and student enrichment
- Discounts on meetings, workshops, physics publications, and products
- And much more...
