

2018 PhysicsBowl Results: Regions 00 – 14

Dear Physics Teachers,

Enclosed are lists of

- the overall top 10 students in each division
- the overall top 5 schools in each division
- the first and second place students in each division by region.
- the top 4 schools in each region by division

Unfortunately, we received many answer sheets which did not properly fill in the required information which resulted in the student's score being disqualified for consideration of either individual prizes or for the team score. This is an unfortunate necessity because of the amount of data that must be analyzed. Also, some instructors appear not to have followed the instructions resulting in some students being disqualified. We cannot go and check exams individually to look for errors, so it is up to the proctors and instructors to be sure to follow the instructions.

This year, we are able to award the following prizes:

- To the top overall school in each Division
 - \$100 gift certificate awarded from Pasco Scientific
- To the top 5 overall schools in each Division:
 - \$50 gift certificate awarded from Vernier Software & Technology
 - "PhysicsBowl Champion" T-shirts awarded to the five top students from each school from AAPT.
- To the top two scoring schools in each region/division:
 - \$50 gift certificate awarded from Vernier Software & Technology
 - A rattleback from Arbor Scientific.
 - "PhysicsBowl Champion" T-shirts awarded to the five top students from the *1st* place school in each region from AAPT.

All student winners will receive a copy of "Used Math" from AAPT. In addition, student winners receive

- To the top 10 overall students in each Division:
 - A copy of "Special Relativity" from Cambridge University Press.
- To the 1st place student in each Division by Region
 - A copy of "Problems and Solutions" from Cambridge University Press.
 - A Mysterious Glowing Ball from Educational Innovations, Inc.
- To the 2nd place student in each Division by Region
 - A copy of "Mad About Physics" from John Wiley & Sons.

A copy of this year's test along with solutions, as well as individual and team winners for all regions can be found at the following web site: <http://aapt.org/Programs/PhysicsBowl/currentexam.cfm>

AAPT PHYSICSBOWL 2018

We had the good fortune of having many wonderful sponsors again this year. We hope to continue our relationship with these companies in the future. One way to ensure that this happens is for teachers to send thank you's to the companies when ordering materials and to use the gift certificates provided. We hope that you use your certificates to help your physics program in the coming years.

Instructors can obtain the scores of their students from the AAPT website and that link will be provided to you in an email from the national office. Please realize that we were able to retrieve some scores that were disqualified for improperly recording the required information, but this was done after-the-fact. If the information was not encoded correctly, the student was immediately disqualified from winning prizes even though we may be able to link that student to your code now. Some students provided no codes, the wrong regions, no name, just a last name, etc. There are a lot of records and we cannot go back and fill in missing information. While it is unfortunate to disqualify anyone, these are the rules of the contest. Sadly, some very high scores were disqualified. If you still are missing a student's score... please email jlane@aapt.org with student information (CEEB, teacher codes, etc.) and we can try to find the information.

We will, as always, be trying to improve the contest and we look forward to your participation in 2019.

Jon P. Anderson
PhysicsBowl Academic Coordinator
Physics Teacher – Centennial High School
Circle Pines, MN 55014
