

AAPT NEEDS TEACHERS LIKE YOU.

The American Association of Physics Teachers is looking for K-12 teachers of Physics and Physical Science to lead a number of national efforts.

Help lead some of AAPT's K-12 initiatives for 2016 - 2017:

INSTRUCTIONAL LEADERSHIP

- Help coordinate, expand and evaluate our free eMentoring Program
- Share your ideas as a guest blogger
- Feature your work in an AAPT webinar
- Disseminate your best lesson ideas to the world through ComPADRE.org

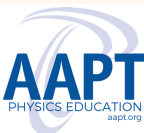

POLICY LEADERSHIP

- Co-author policy statements and suggested guidelines for federal legislators and programs
- Co-author guidelines for K-12 science and physics programs and teacher preparation
- Revise and improve our beta document on Physics in the 21st Century Science Standards

ASSOCIATION LEADERSHIP

- Become a Physics Teaching Resource Agent
- Give a presentation or workshop at an AAPT National Meeting
- Assist AAPT Physics Days at NSTA regional meetings
- Become part of our work in CS and Engineering in physics with 100Kin10!

Interested? Contact AAPT K-12 Program Manager Rebecca Vieyra (PAEMST 2013) - rvieyra@aapt.org to get involved!

The American Association of Physics Teachers is a professional membership association of scientists dedicated to enhancing the understanding and appreciation of physics through teaching. One Physics Ellipse College Park, MD 20740 | 301-209-3311 | aapt.org
