2026 PhysicsBowl Results: Regions 00 – 14

Dear Physics Teachers,

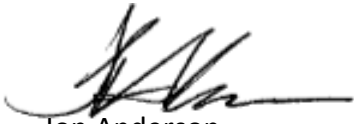

Enclosed are lists of

- the overall top 5 schools in each division
- the top 4 schools in each region by division

We have an unusually large number of students that had high scores on this year's exam, and because of this we are not doing the overall top 10 students in each division, or the top two students in each division by region. Rather, we are recognizing all of the students that scored 38, 39, and 40 in both divisions on our Global Top Scores List. There are >100 students in each division that achieved those scores, you will find all of them on the Global Top Scores list.

Instructors will receive an email with instructions for accessing their individual student scores. We will, as always, be trying to improve the contest and we look forward to your participation in 2027.

Sincerely,

Jon Anderson
